Un'organizzazione fondata su razionalità del sistema, esperienza, innovazione

GD DORIGO è il risultato di quarant'anni di investimenti continui, finalizzati al miglioramento dell'ambiente produttivo con una particolare cura delle strutture che ospitano le linee di trasformazione della materia e di realizzazione delle porte finite.

An organisation founded on a rational system, experience and innovation.

GD DORIGO today is the result of forty years of on-going investments aimed at improving its manufacturing environment, paying special attention to the structures which house the lines for processing and manufacturing the finished product.

Il cuore dell'impresa

GD DORIGO rappresenta una delle principali realtà industriali italiane che ha saputo evolvere l'eccellente maestria artigiana in processi d'industrializzazione avanzati, nell'ambito della produzione di porte d'arredo per interni.

The heart of the company.

GD DORIGO is one of the main Italian manufacturing companies able to manage craftsman expertise and develop it into advanced engineering processes, specifically focused on the design and manufacture of interior doors.

Il lab del Made in Italy aziendale dove prendono forma le nuove idee

Il Design in GD DORIGO è da sempre una delle principali leve strategiche su cui l'azienda ha poggato la propria capacità di distinguersi nel mondo dei produttori di porte per interni. Tutto nasce in un "laboratorio del made in Italy" che dà forma alle nuove idee e stimola sperimentazioni costruttive trasformandole in porte di successo.

GD DORIGO, a lab where new ideas are shaped.

Design has always been a strategic asset for GD DORIGO, one which distinguishes the company from other manufacturers of interior doors. It all began in a real laboratory for the 'Made in Italy' label, where new ideas take shape and construction experiments are carried out.

L'impegno per la qualità e la sicurezza sviluppato incessantemente giorno per giorno è la base della filosofia produttiva di GD DORIGO

Un istituto autorizzato, operante secondo le normative internazionali ha riconosciuto che GD DORIGO lavora in un sistema aziendale certificato secondo le normative UNI EN ISO 9001: 2015. La certificazione conferma ufficialmente il giudizio degli acquirenti, che da sempre apprezzano i prodotti e i servizi dell'azienda.

Total everyday commitment to quality and safety is the industrial philosophy of GD DORIGO.

An internationally recognised authorised institute has acknowledged that GD DORIGO operates according to UNI EN ISO 9001: 2015 standards. Certification officially confirms the judgement of our customers, who have always appreciated the company's products and services.

Porte lisse, pantografate o incise, in delicati colori pastello.
Nuova nelle linee e nelle tonalità, VENUS mantiene il rigore e la sobrietà delle porte lisce, arricchite con incisioni e pantografature. La collezione si distingue nella varietà dei disegni e delle colorazioni, utili in uno stile di arredamento attento ai particolari e alla ricerca di nuove idee caratterizzanti. La geometria delle pantografature e delle incisioni vestono la porta di differenti significati rendendola adatta a rispondere ad un gusto tradizionale oppure ad un arredamento più moderno. Altezza massima 2400 mm.

Doors decorated or engraved by pantograph, in delicate pastel colours.
With new lines and colours VENUS maintains the rigour and sobriety of plain doors, enhanced by engravings and pantographings. The collection is available in a wide range of models, colours and is the right choice for a sophisticated designer alert to details and always in search of new ideas. The geometry of the pantograph works and engravings give different meanings to the doors, making them suitable for both traditional tastes and more modern interior decoration. Maximum height 2400 mm.
